

Message from the Universe...

Posted on **May 17,2017** by **nmcreatrix**

Jet lag... and I am taking care of myself... There are indeed times in every life when one must simply lay low, hide out, and just chill. And usually it's called sleep. However, Shari, in between such times, by the light of the sun or a giant disco ball, I generally advocate as full a schedule as you can possibly manage. Do the hustle, The Universe
