

Neat Text Idea

Posted on **July 19,2017** by **nmcreatrix**

Julie Fei-Fan Balzer (<http://balzerdesigns.typepad.com>) just posted a very neat idea. The San Francisco Museum of Modern Art is offering a text input. Send a text to 572-51 that starts with "send me" and see what you get (i.e. send me bridges)! If you want to see the entire post and what Julie got from her send me... click **HERE** I would post my results, but they are on my new phone and I don't know who to do that. Something I must learn!
